

Keeping Ourselves and Others Safe

Updated 21st August 2021

We already have your name, phone and email details on record; for Test and Trace purposes we hold and may share this data up to 21 days after your visit.

Please respond to the statements below, sign and return this to the red tray in the hall.

Statements	Yes	No
I confirm that neither I nor anyone in my household or social bubble has been unwell with COVID-19 symptoms in the last 5 days.		
I agree to comply with the mitigations in place at Othona West Dorset (OWD) whilst here, to ensure, as far as possible, the health and safety of myself, other visitors, volunteers, and the Core staff.		
I agree to wear a face mask/covering (unless I have a medical exemption) in toilets, corridors, stairways and the dining room, the latter except when I am seated at the dining table. This applies to adults but also to children from 11 upwards.		
I understand that, in accordance with current Government guidance, I should take greater personal responsibility to protect myself and others from transmission of the virus, e.g. by frequent handwashing.		
I agree to clean 'touch points' used in toilets and showers, and ensure I leave the facilities clean for the next user, disposing of any anti-viral wipes in lidded bins provided.		
<p>I agree to inform OWD immediately should I develop COVID-19 symptoms whilst here or in the 10 days following my visit and/or I am confirmed positive with C-19 during the 10-day period after my stay.</p> <p>I agree that if I develop COVID-19 symptoms during my stay I cannot self-isolate at Othona but will be required to leave immediately. I also agree to notify OWD of my subsequent test results, whether negative or positive.</p>
