

Keeping Ourselves and Others Safe

Othona has always been about **being in community with other people**. That’s still our guiding principle. But Covid-19 is endangering lives and putting awful strain on the NHS. So we hope you’ll understand that we ask you to cooperate in some simple precautions.

Please respond to the statements below, then sign and return this to the red tray in the hall. We already have your name, phone and email details on record; for Test and Trace purposes we hold and may share this data up to 21 days after your visit.

Statements	Yes	No
I confirm that neither I nor anyone in my household or social bubble has been unwell with COVID-19 symptoms in the last 5 days.		
I want to safeguard, as far as possible, the health and safety of myself, other visitors, volunteers, and the core staff. So I agree to comply with the mitigations in place at Othona West Dorset (OWD) while I’m here.		
I agree to wear a face mask/covering (unless I have a medical exemption) in corridors, stairwells, toilets and any restricted space. Also in the dining room when collecting food or otherwise not seated. Or if, for some other reason, I’m asked to do so by the Facilitator or a member of the core team. This applies to adults and children aged 11 upwards.		
I understand that, in accordance with current Government guidance, I should take greater personal responsibility to protect myself and others from transmission of the virus, e.g. by frequent handwashing.		
I agree to clean ‘touch points’ used in toilets and make sure I leave the facilities clean for the next user, disposing of anti-viral wipes in lidded bins provided.		
I will inform OWD straight away if I develop COVID-19 symptoms while here or in the 10 days following my visit and/or I am confirmed positive with C-19 during those 10 days. I agree that if I develop COVID-19 symptoms during my stay I cannot self-isolate at Othona but will be required to leave immediately. I also agree to notify OWD of my subsequent test results, whether negative or positive.
