Where People are Gathered Together.

I/We believe where people are gathered together in love, God is present and good things happen, and life is full.

I/We believe that we are immersed in mystery, that our lives are more than they seem. That we belong to each other and to a universe of great creative energies, whose source and destiny is God.

I/We believe that God wants us, that he is calling to us from the depth of human life.

And most deeply I/we believe it is in our struggle to love and care that we incarnate God in the world.

And so aware of mystery and wonder, caught in friendship and laughter, we celebrate the sacredness of life in our lives together.

An affirmation offered by Jan Marshall
